

# DR. VEGG & NAMELESS MINI-COMIC 2

According to  
the game's manual,  
"If you die in game,  
you die in real life"

So we must analyze  
the situation very  
carefully before  
making each move

8

So you're saying  
I can't just click  
on a random  
square?

9

10

Not in this case.  
Our life is at stake

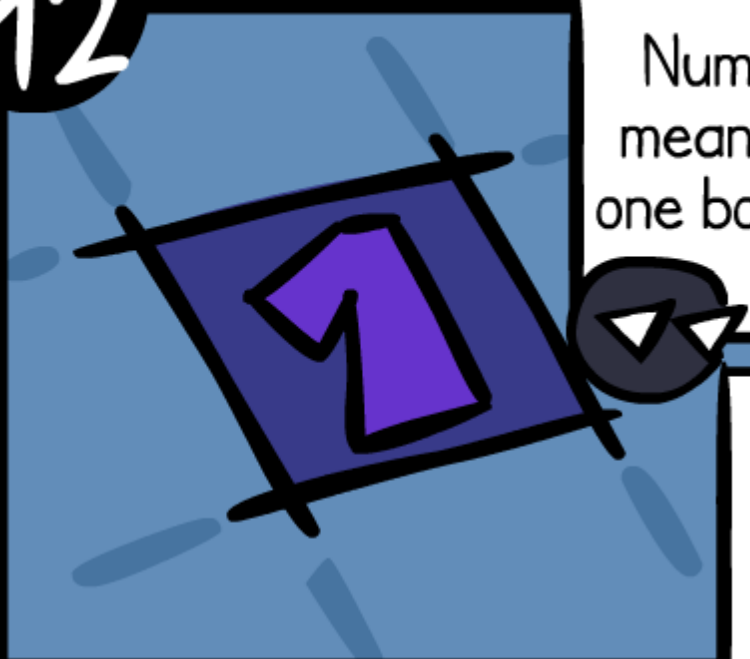

Nameless..  
I don't wanna die!!

Then, follow  
my instructions

11

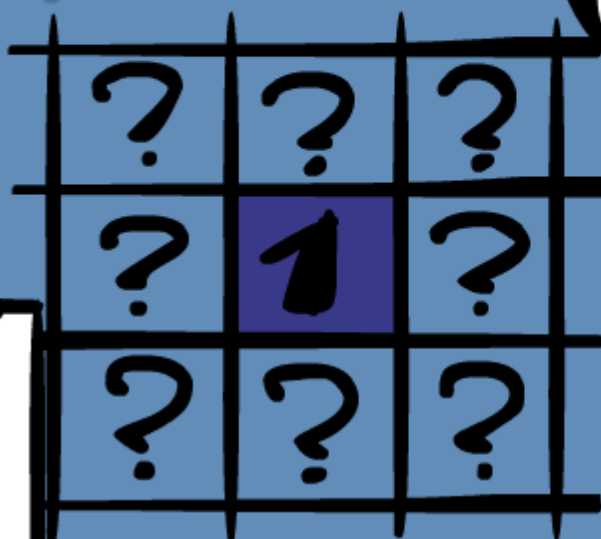

12

Number one here means that there's one bomb around this cell

The problem is that we don't know where exactly has the bomb been placed

13

We have to guess.

14

And that means?

15

16

Oh, I'm great at guessing!

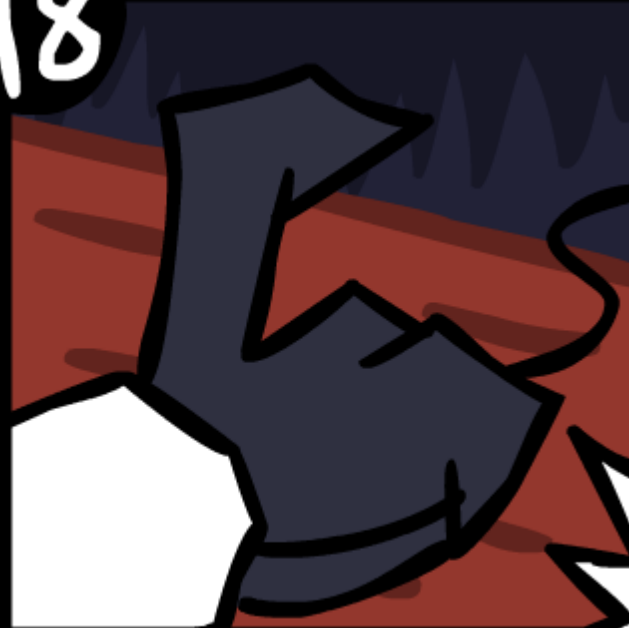

17

I guess you can make a move
