# THE **RED BIRD** COMICS

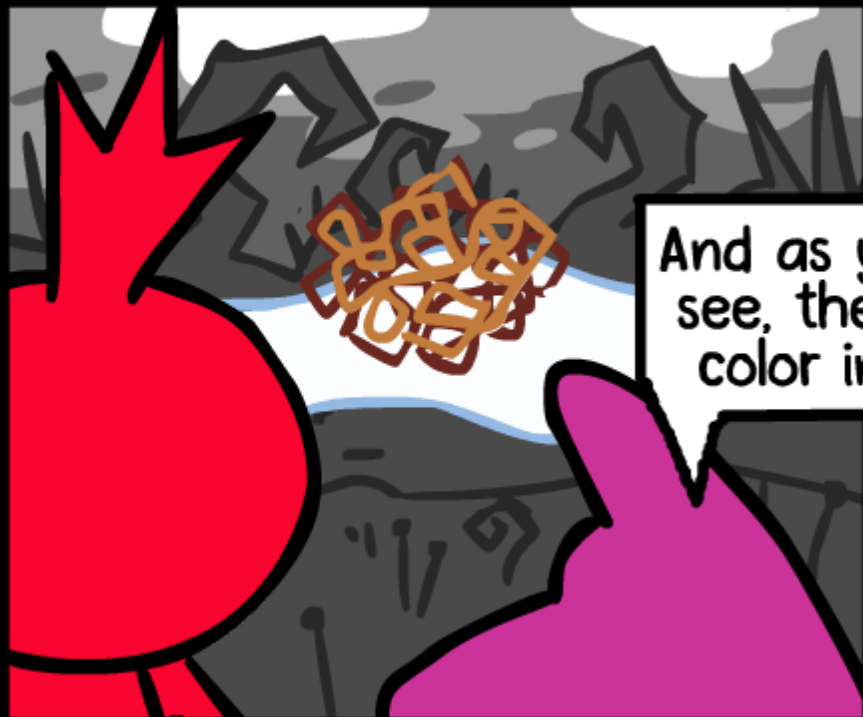

EPISODE 2:  
LURKIN' OUT THERE

Well.. that's because it relies on the color energy in order to work, haha!

And as you can see, there's no color in sight

So.. any ideas on what to do?

Yeah! About that!

You're a red rabbit plush!  
You can summon ColorBoxes!

ColorBoxes?..

Exactly!

Just concentrate..  
Very HARD.  
And you'll get it! Haha!

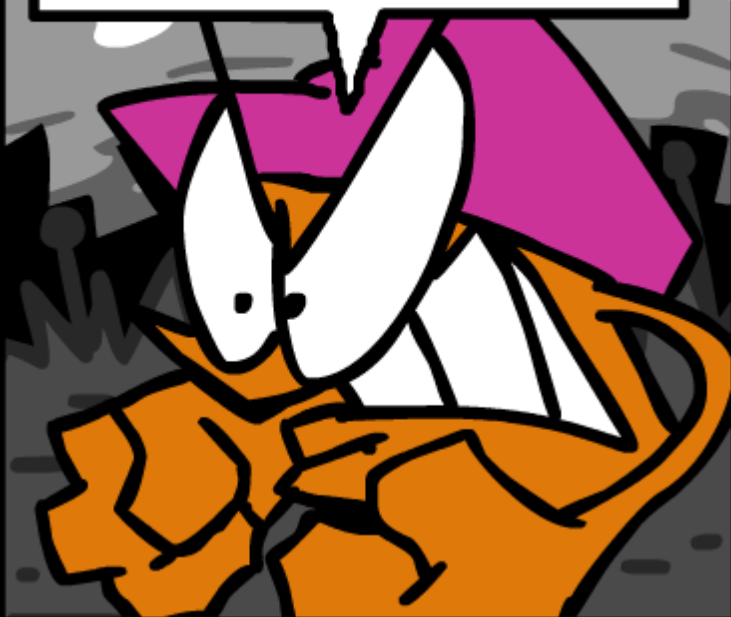

Sure will!

HNGH!

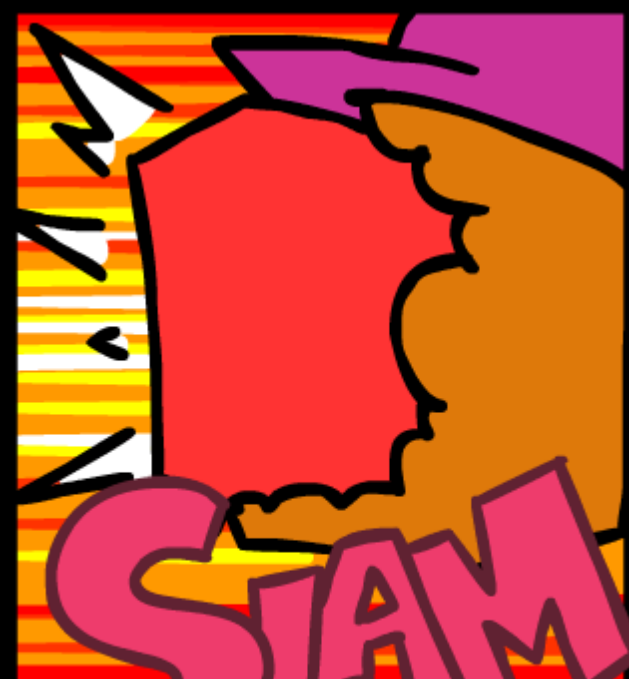

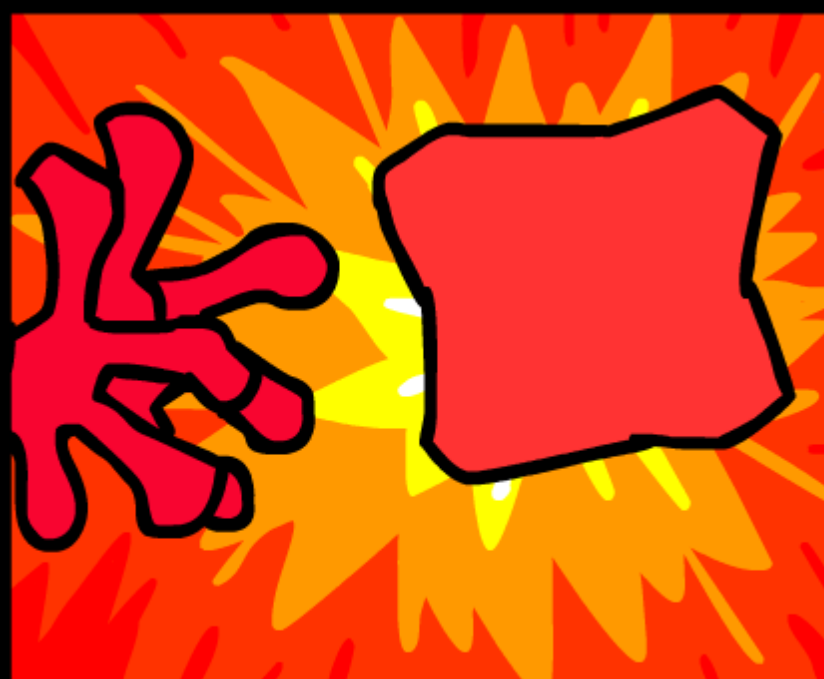

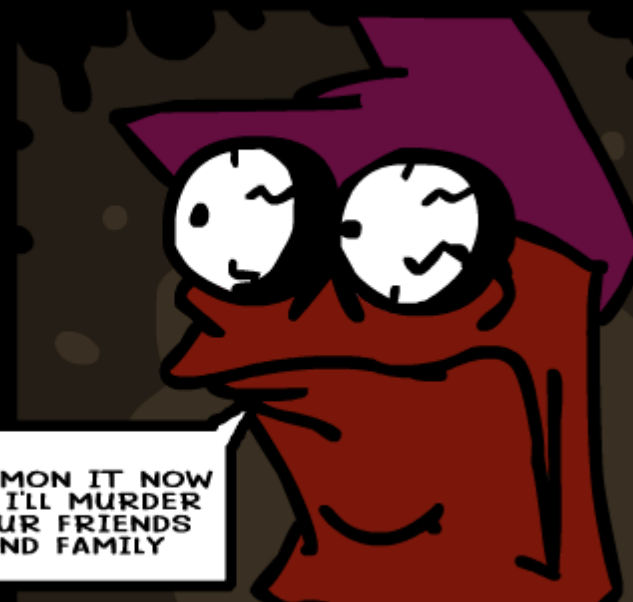

CONCENTRATE!!

HARDER!

SUMMON IT NOW  
OR I'LL MURDER  
YOUR FRIENDS  
AND FAMILY

SLAM

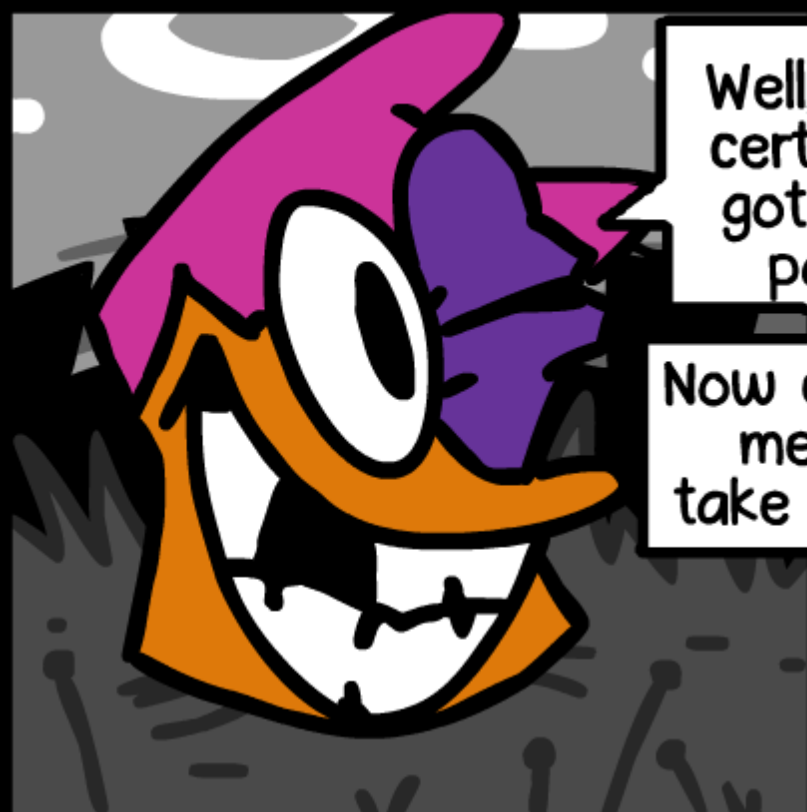

Well done!

POP

Well, you certainly got this part

Now excuse me, I'll take a nap

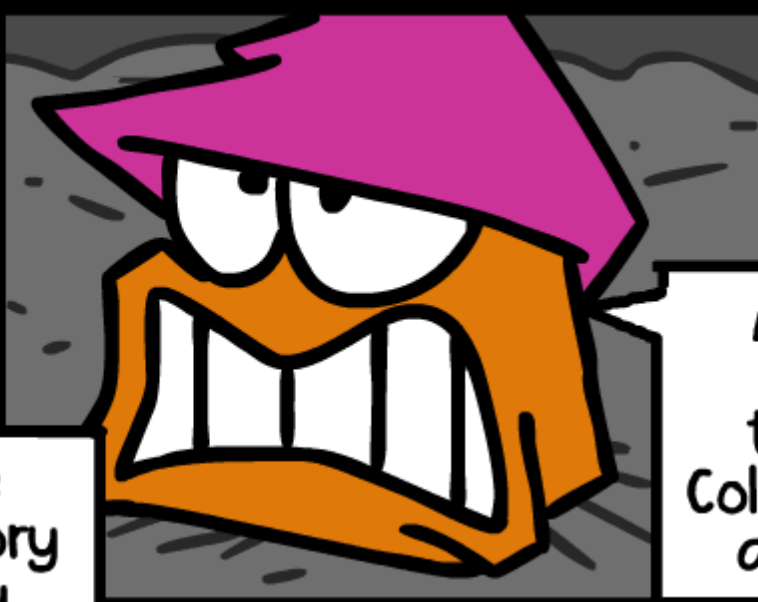

Whoops!! He-he, didn't see you there!

Legend has it that only a red rabbit plush can bring the color back, with the power of ColorBoxes

Great. We're having a history lesson today

According to an ancient tale, there are seven Color Sources spread around the lands

Each one of these sources has a vending machine placed on top of it, preventing it from being activated

The first source is located in HUE-Town. And the last one - in NoWayKingdom

Once all the Color Sources are activated. The world's color will be restored

Sorry, I was napping.

Can you repeat that?

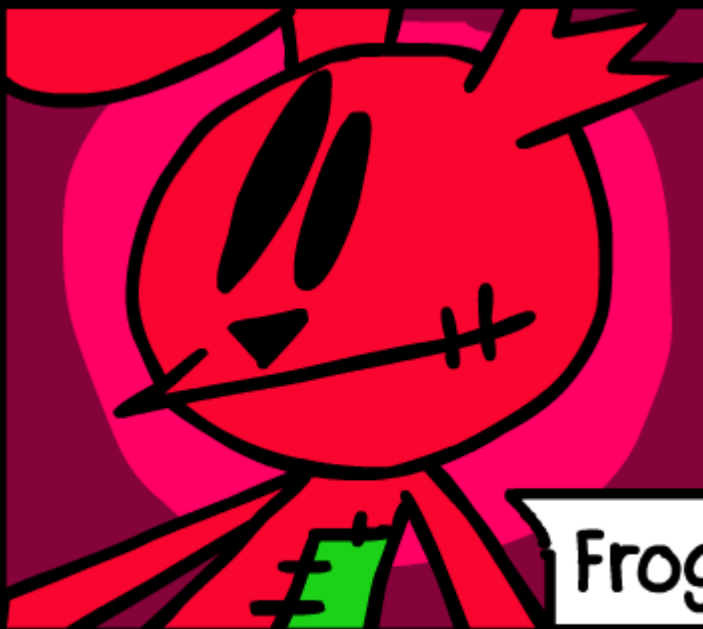

Woah dude.. who are you?

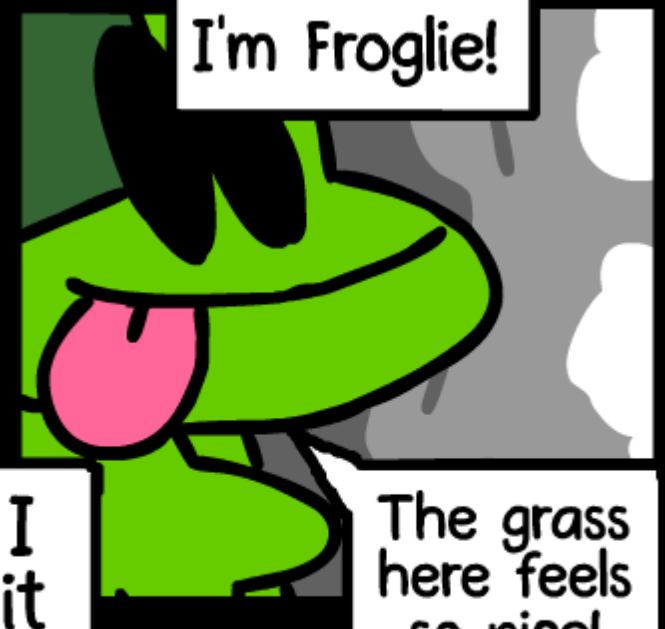

I'm Froggie!

Froggie..

Oh, I get it

The grass here feels so nice!

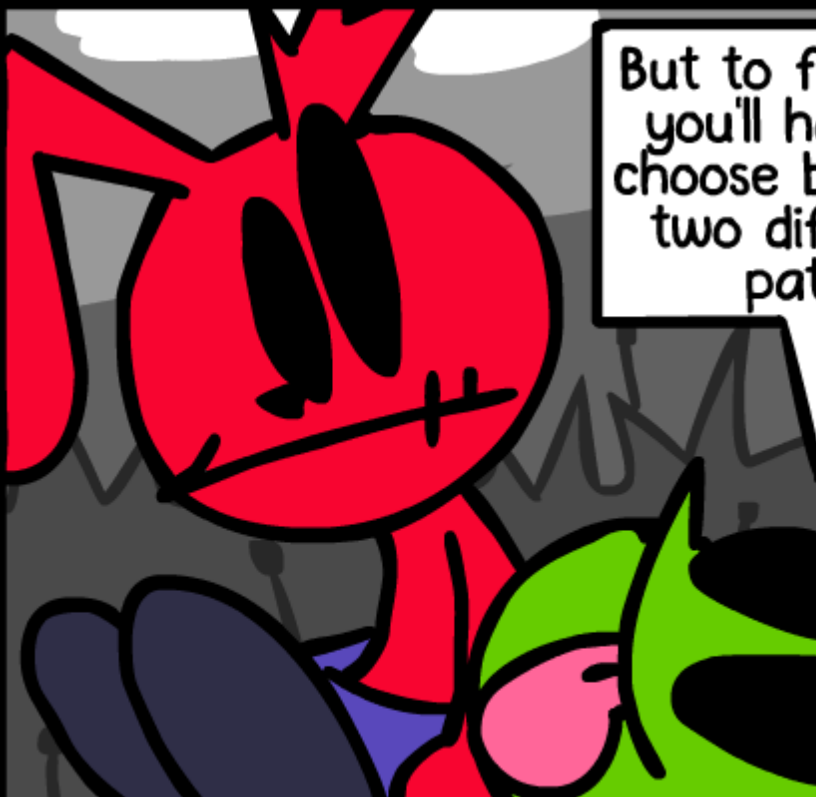

I'm on a vending machine obliteration spree right now

Do you know where I can find some?

Of course I do

But to find one, you'll have to choose between two different paths

One is full of magic and wonder

And the other is a creepy forest, which is full of lurkers

Yeah, I'll be going the first way. Thank you very much

Wait a minute.. did that guy just LIE to me?

Remember, if you stay quiet, they won't notice you. Or something along those lines

Where do ya  
think ya're  
going?

Come on pal,  
we're just having  
some fun

Ya can't run away..  
from the lurking creeps

WHAT DO YOU  
NEED FROM ME?!

Oh, nothing.  
Really

We just  
wanted to see  
how well ya'd  
fit into  
a tiny box

A box,  
you say

Well, come closer  
I'm all yours!

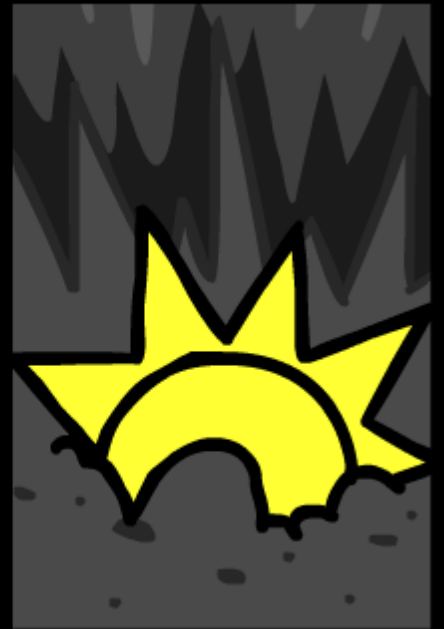

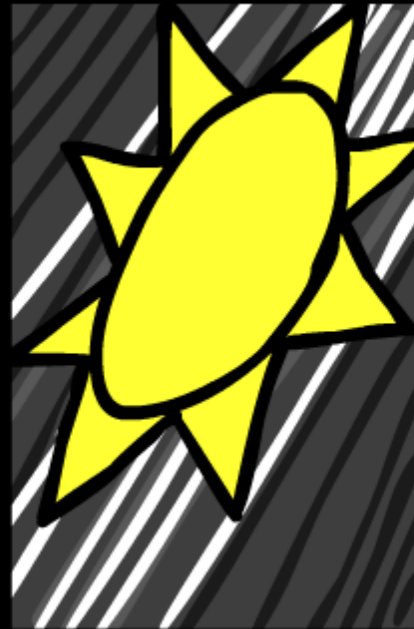

Now what?  
I've never  
gotten this  
far before

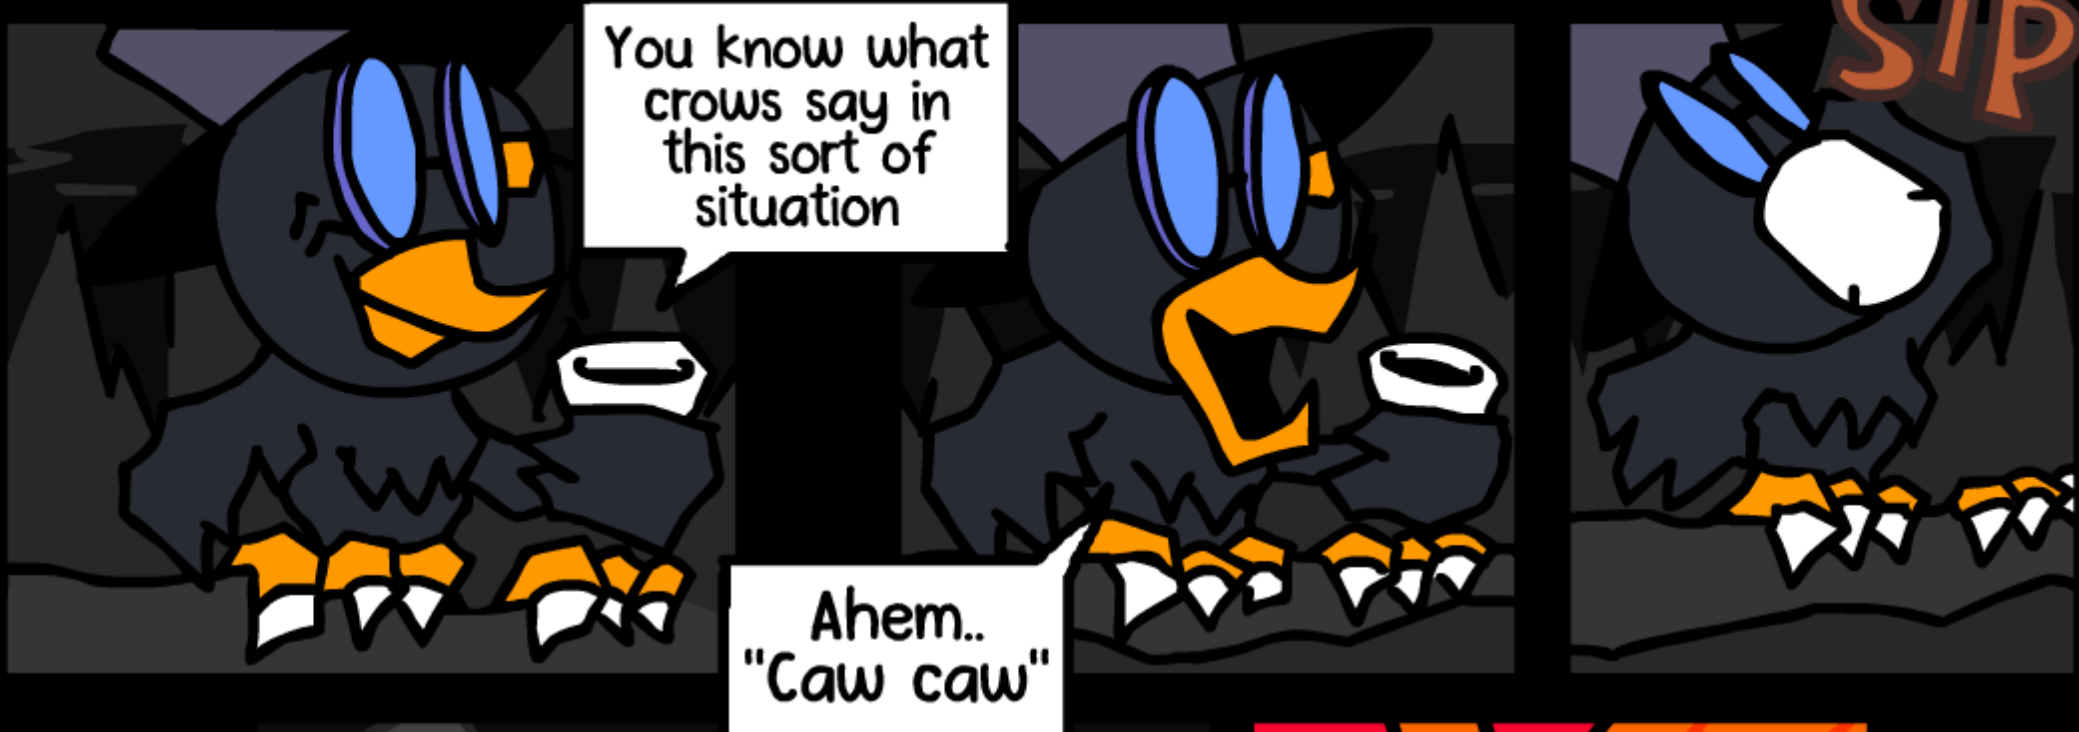

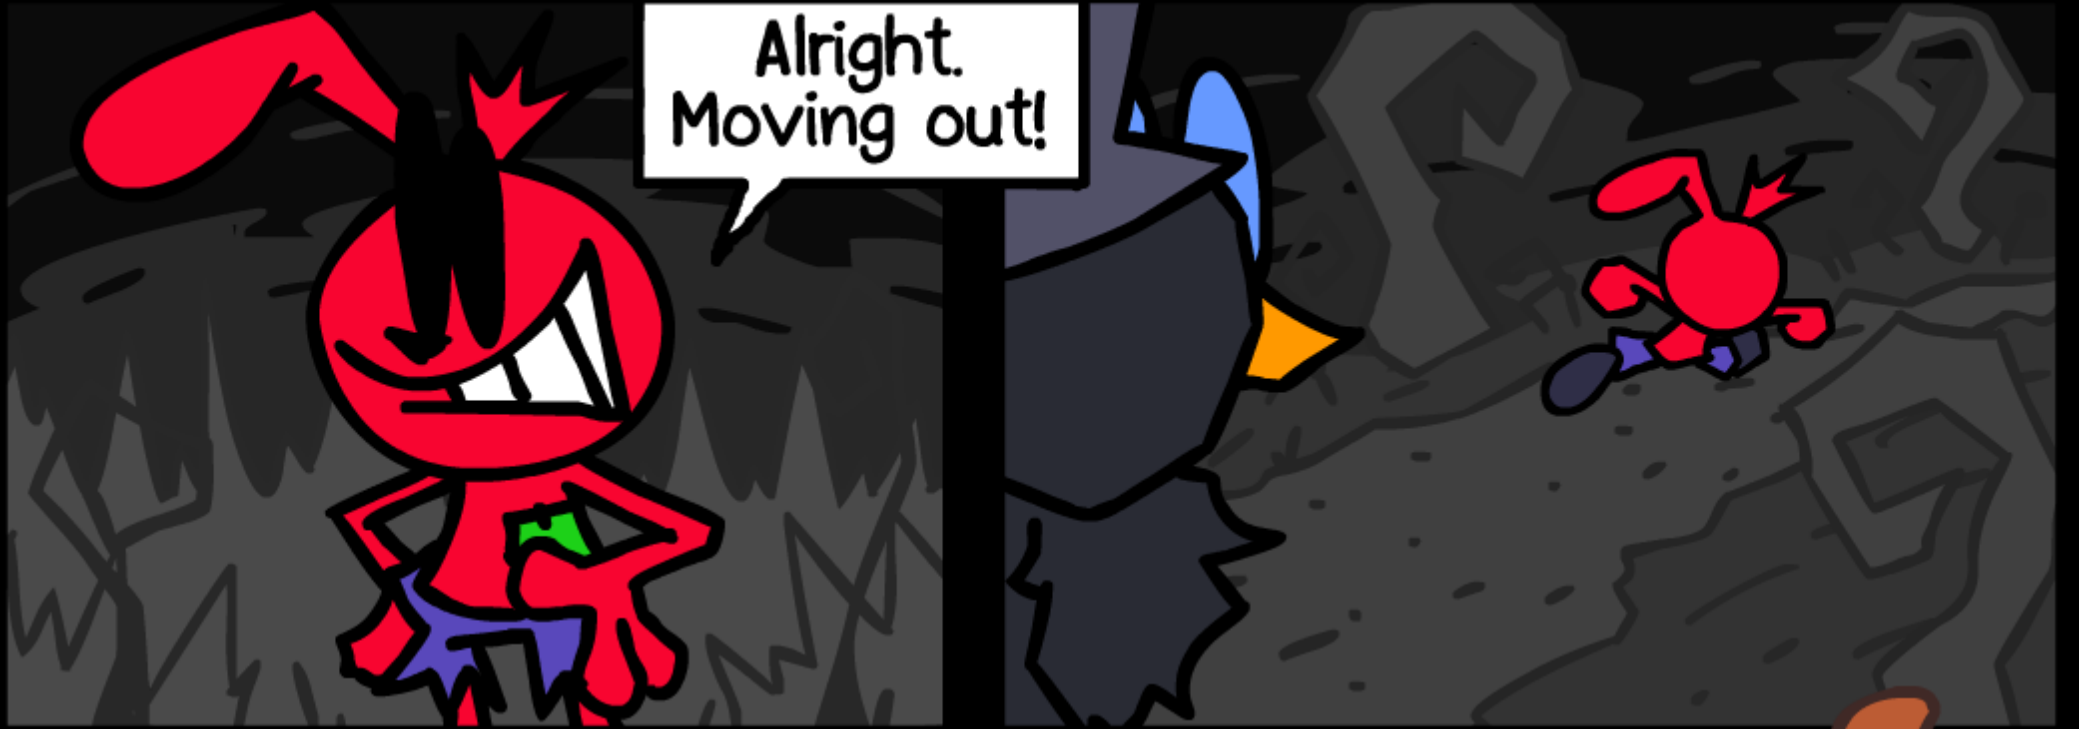

Now you  
get a taste  
of THIS!

WHAM!

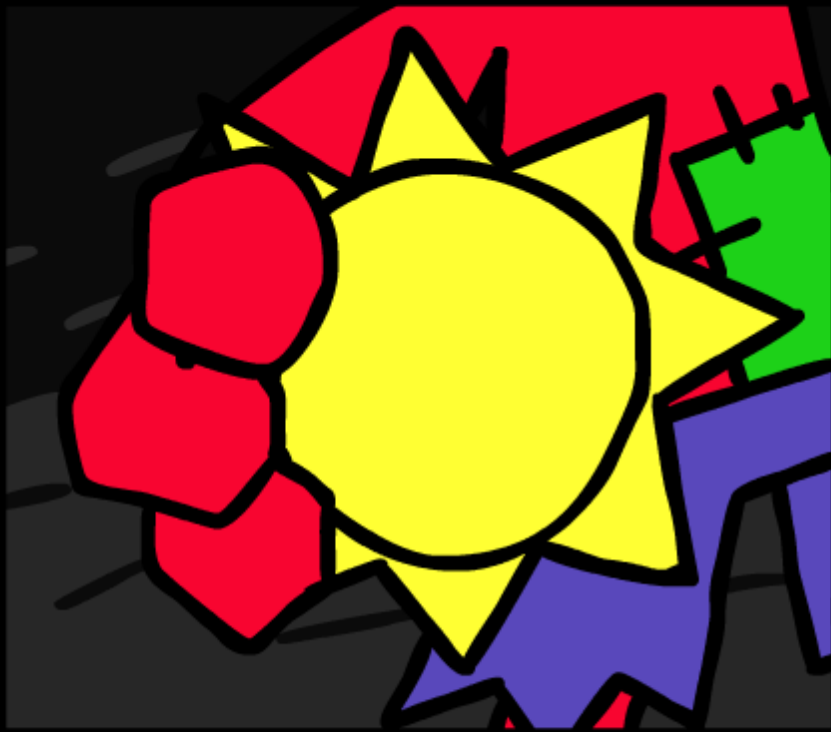

I think I'll  
be needing  
this

Well now..  
This is  
interesting

POP!

TO BE  
CONTINUED..
