THE REDBIDD COMICS

EPISODE 1: THIS AINT NO GAME

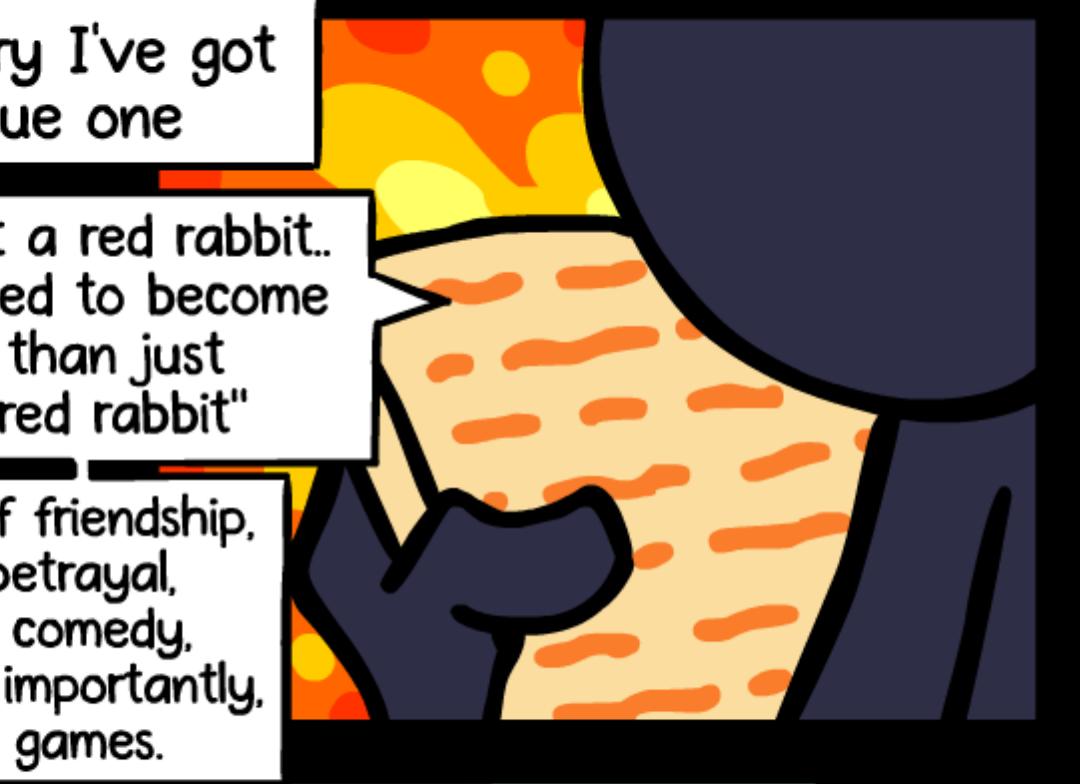

Oh, hello there, dear reader! My name is The Narrator. And I'm here to.. well. You guessed it. Narrate stories

And the story I've got
is a unique one

One about a red rabbit..
who wanted to become
more, than just
"some red rabbit"

A story of friendship,
love, betrayal,
action, comedy,
and most importantly,
video games.

Found this
intriguing?

Then, follow along.
As this story is
one-of-a-kind

It was a peaceful, quiet night, just like any other. Crickets were chirping. Water was running down the river. Nothing could ruin such a moment

That's how it was, until..

A giant golden beam appeared out of nowhere in the sky, and struck the lands of HUE-Town

And before you knew it. The entire world has lost its color. Turning lifeless and monochrome, lacking its beauty it once had

Meanwhile. Our main character, RedBidd, had other plans going on

ALRIGHT, Krailor!
Enough with
your stupid
games!!

RedBidd!
Save me!

Kyah! You've got
no chance in winning
against me!

Don't worry, Wacky
Wizards for the Boxtendo 64,
I'll get you out of this
MONSTER's tiny hands!

GRAH! How DARE you
insult my tiny hands?!

That's it!

Bring
it on!

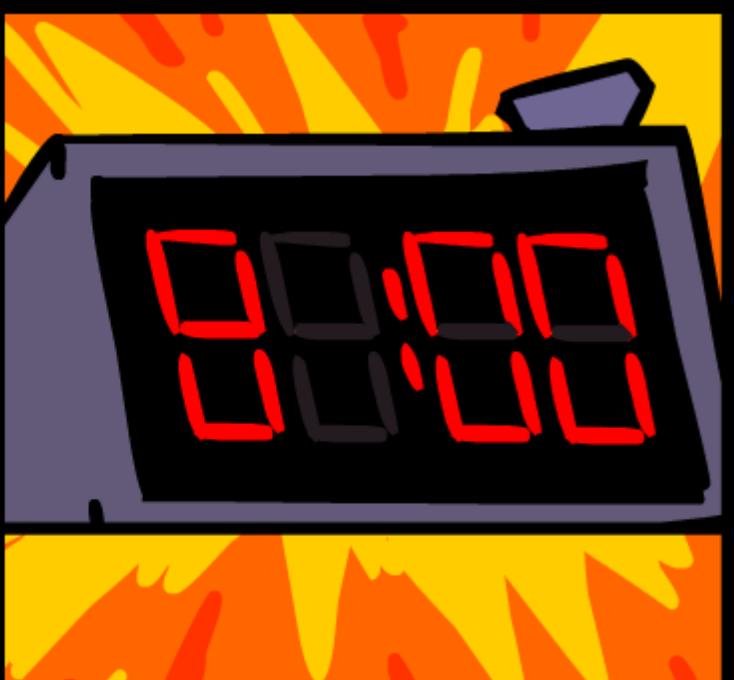

Woah there,
Redbidd!
Calm down!

Did you
know?
it's
8:00 AM!

What?!
Already?

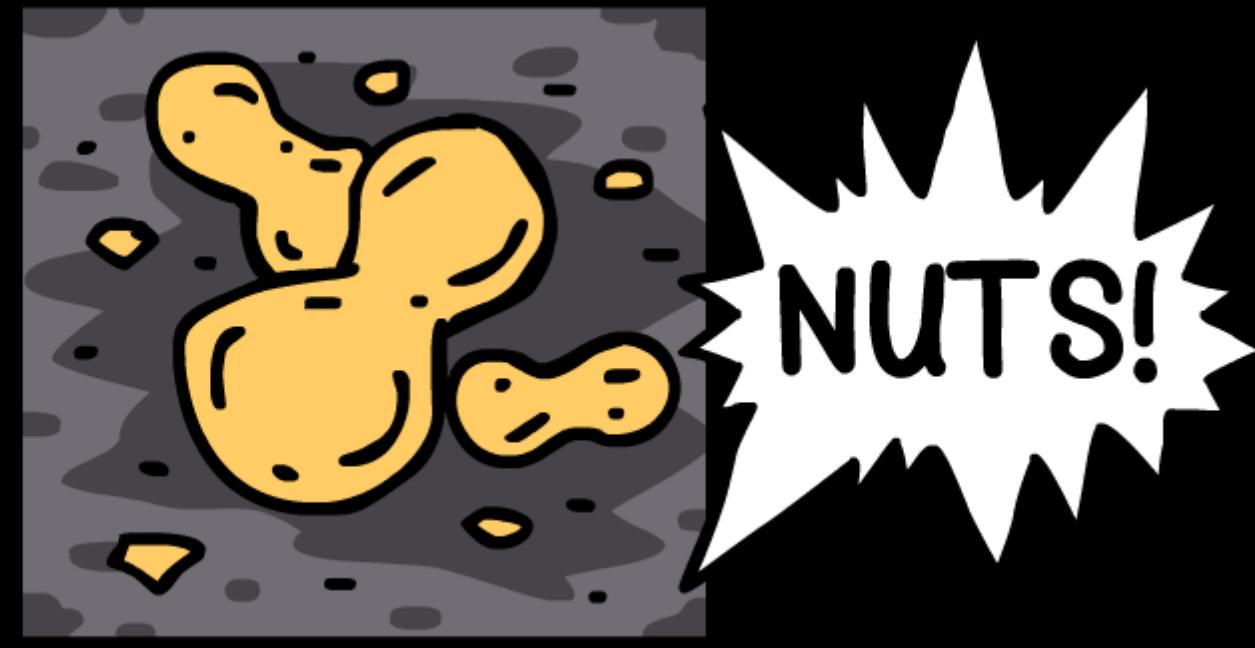

8:00 AM

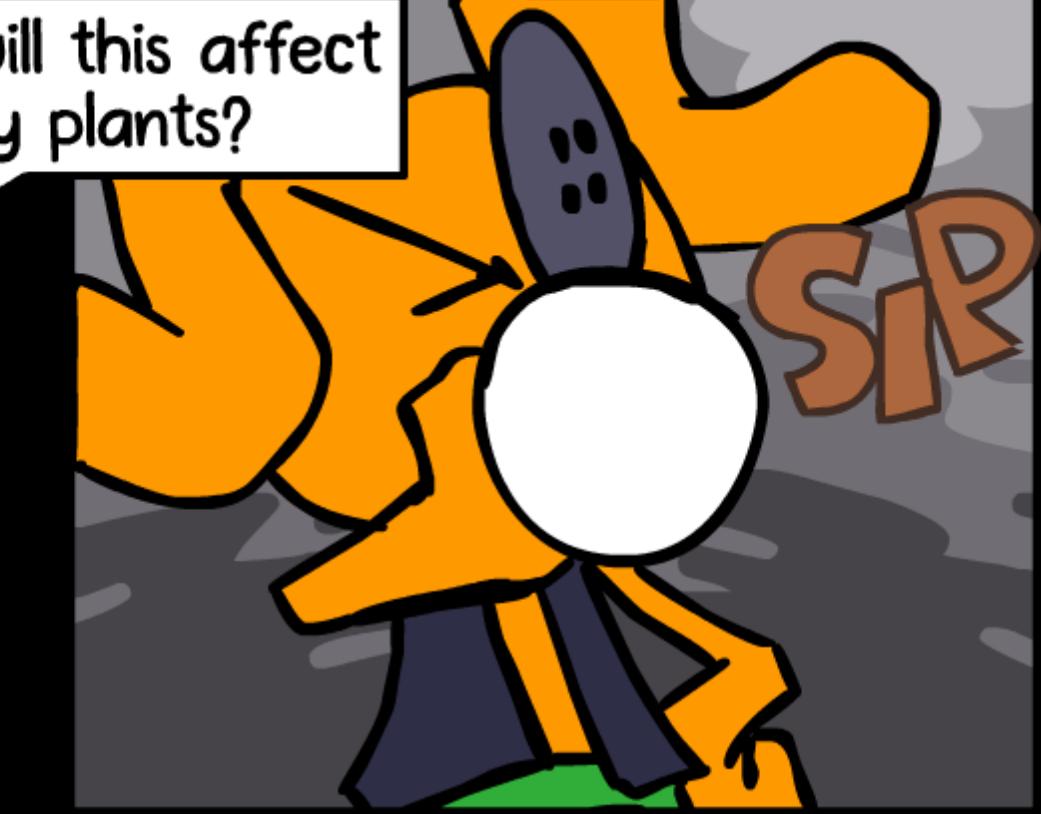

CRASH!

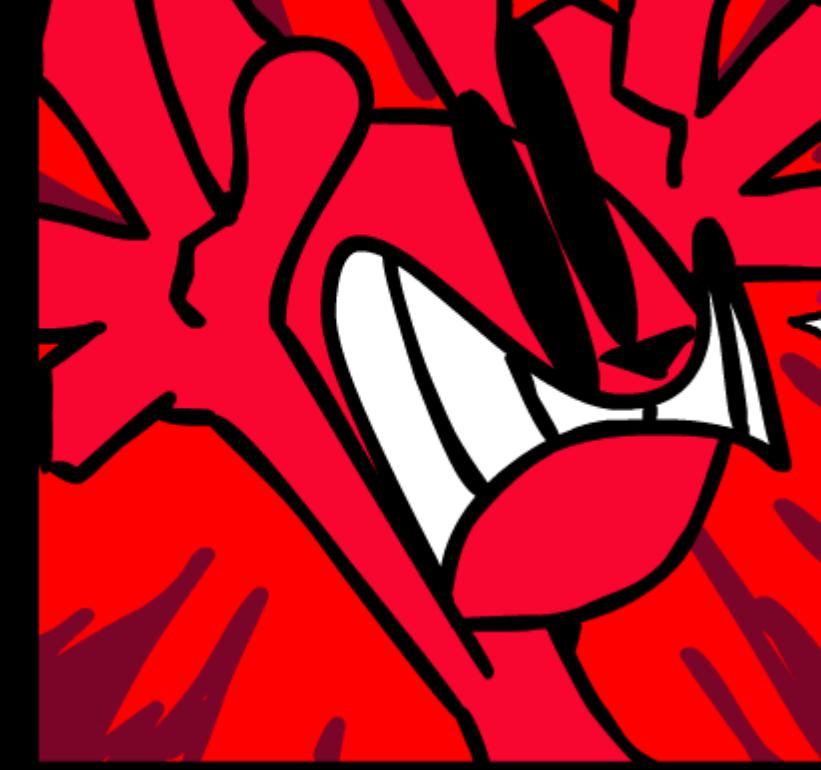

How will this affect
my plants?

No!
I meant,
like..

What happened to the world
around us?

Oh! I know exactly
what happened!

So, I woke up in the middle
of the night, at precisely 2:15 AM

And the next thing I hear - a loud
thud. The earth was shaking!

Of course
not

It was
totally
dark!

Did you see
anything?

I know! You
should ask
a TipBox!

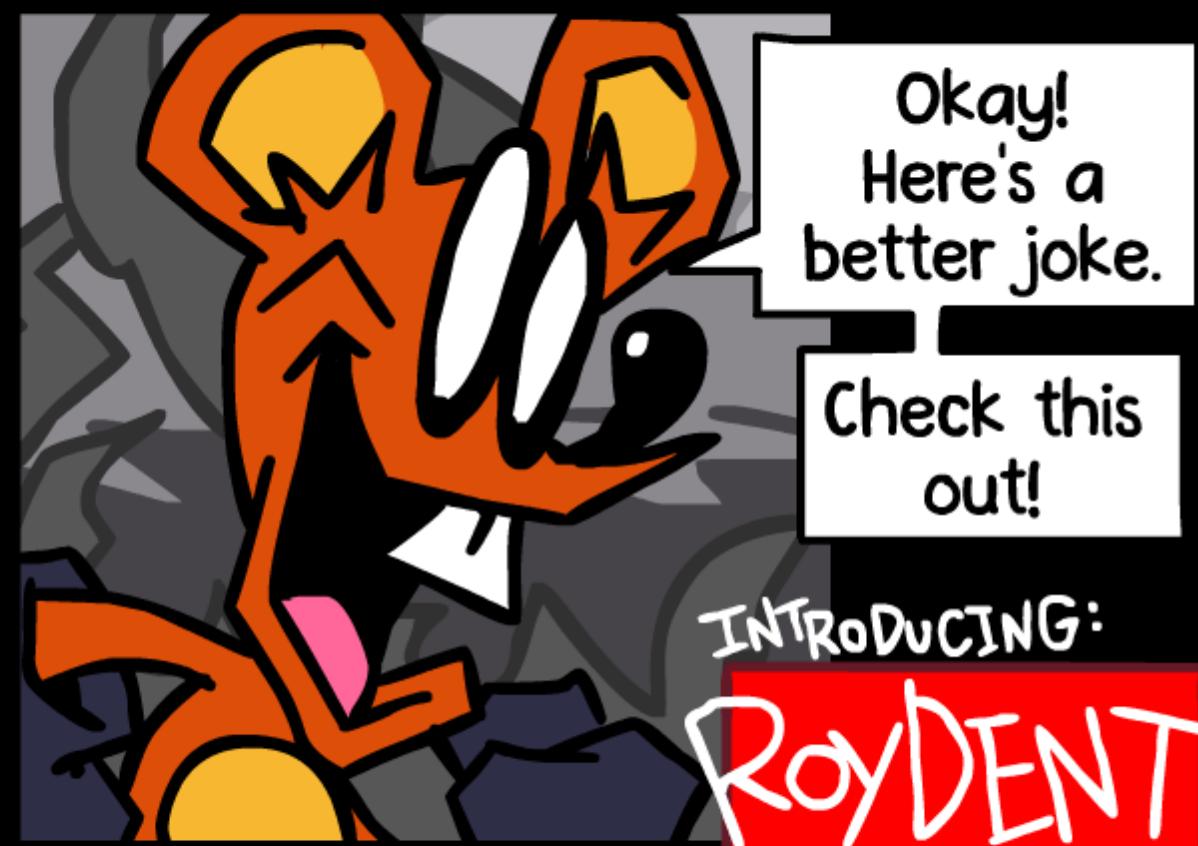

They know
everything!

One time I asked
one of them where
my wallet was, and
they told me the
exact location of it.
I was quite surprised

That's right!
TipBox!

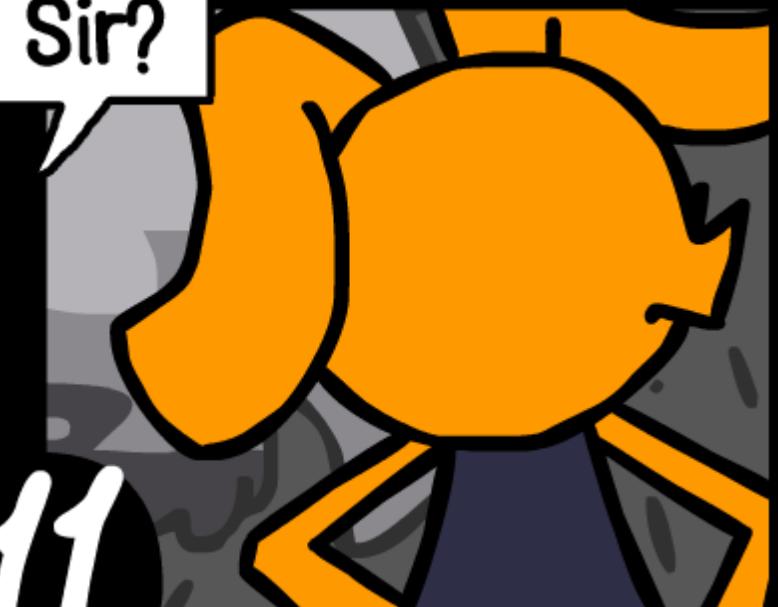

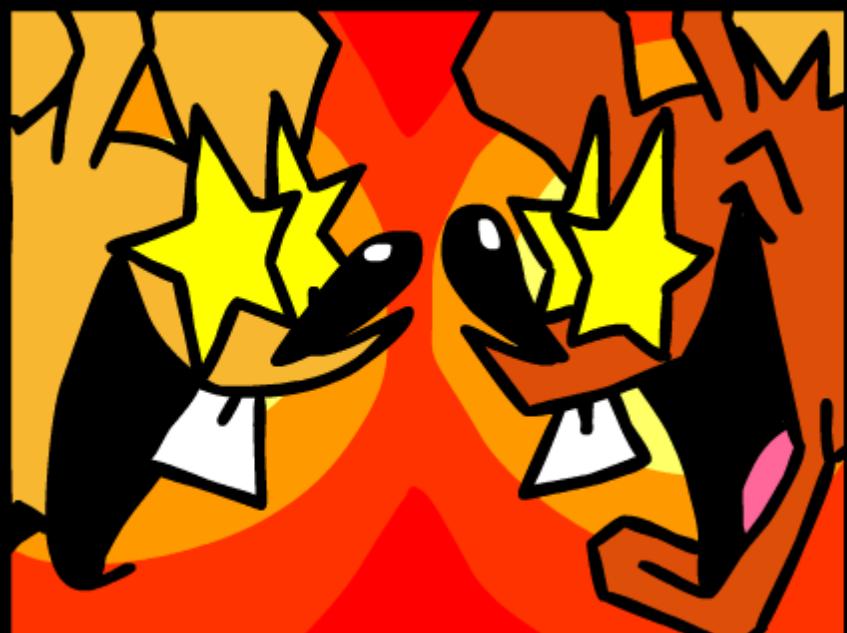

Hey, Rett..
I- uh..

I don't think
I can feel
my neck
right now

Stop blabbering
and follow
me instead

Um..
Sir?

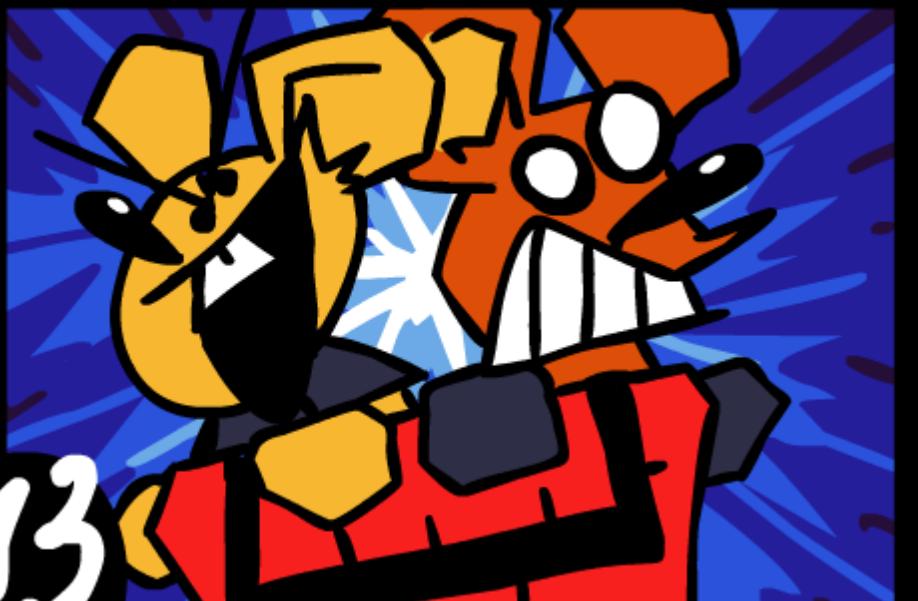

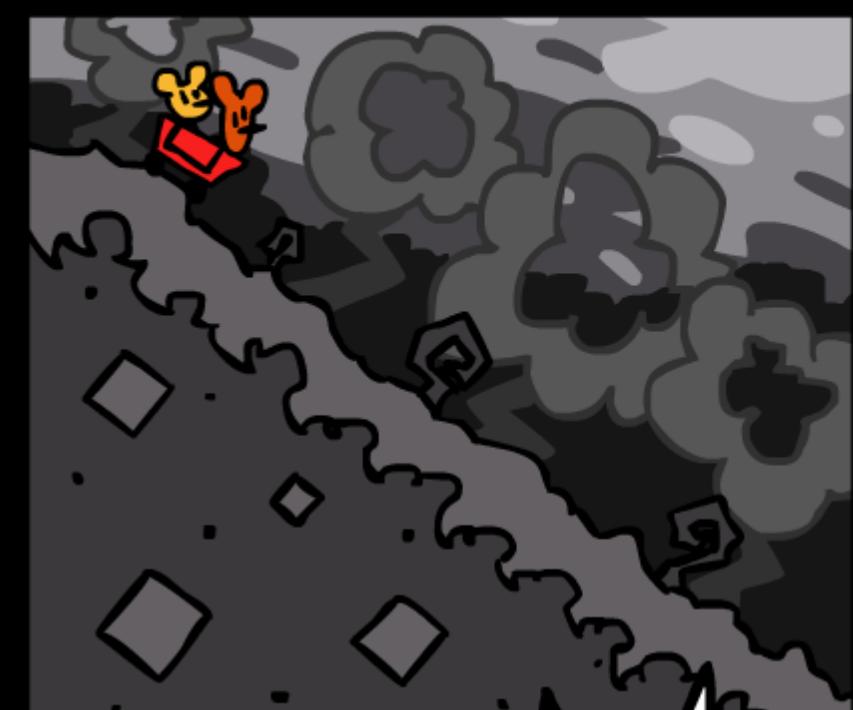

Quick! Dump this into
the cart!!

Off we
go!

BONK!
