19

So, Tommy...  
How'd you know  
about me?

20

21

Ever since you were on the News after  
you saved the Fruit Plains, I wanted  
to finally meet you in person

23

24

I recognize that cap!

As a young kid, I was taken  
to this Island. And I've never  
seen you since

25

I don't want to spend even a second longer on this island!

Me neither!

26  
29

Say, how about we leg it outta here?

I'm all for it. Can't stand this place anymore

28

30

Alright!

Bonus warp?

Our father made this map a long time ago. We will use it to navigate through this island

31

Yeah! I've been searching for it the whole day!

If we find it - we'll be able to leave this place!

I like what you're thinking!

33

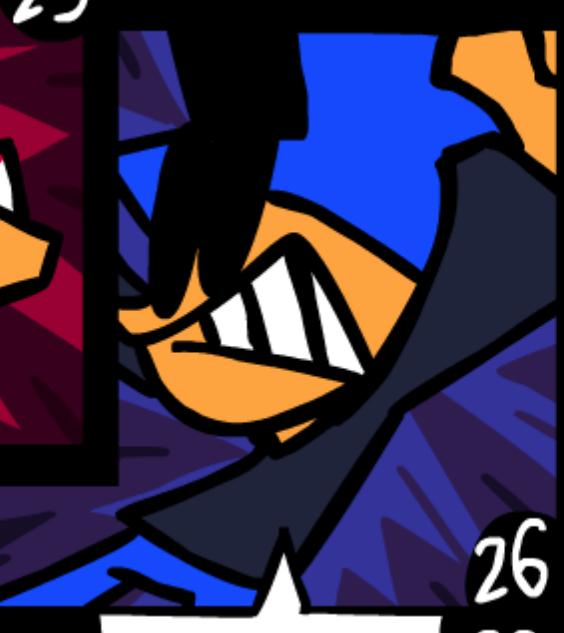

Then, let's begin the Bonus Warp Search

Heck yeah!

27

Say, how about we leg it outta here?

Hey, wait! That's the bonus warp!

29

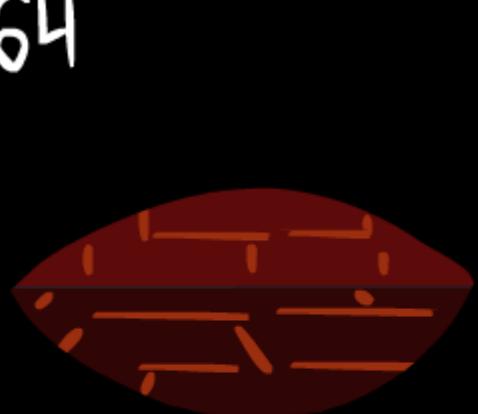

64

65

66

67

68

He can't  
hear ya.

He got  
knocked  
out real  
bad

69

Hey! It's  
you guys!

What are  
you doing  
in here?

Well, it turns out  
these red guys  
hate us too

70

71

They want  
to cook us  
for dinner

I can't  
let that  
happen!

72

I'll get you  
guys out of  
here!

73

What if you were to give this comic to, say, twenty intelligent people.

My face feels a bit itchy. Can you guys unlock my handcuffs for a second, so I could get rid of this awful itch?

We're not falling for this trick

Heh, I bet you don't even know how to unlock them

The exit points towards this elevator!

112

EXIT

There we go then!

113

111

114

115

117

118

SKID

119

XXXX

116

121

It needs a password!

122

Try "1234"?

1234

120

123

125

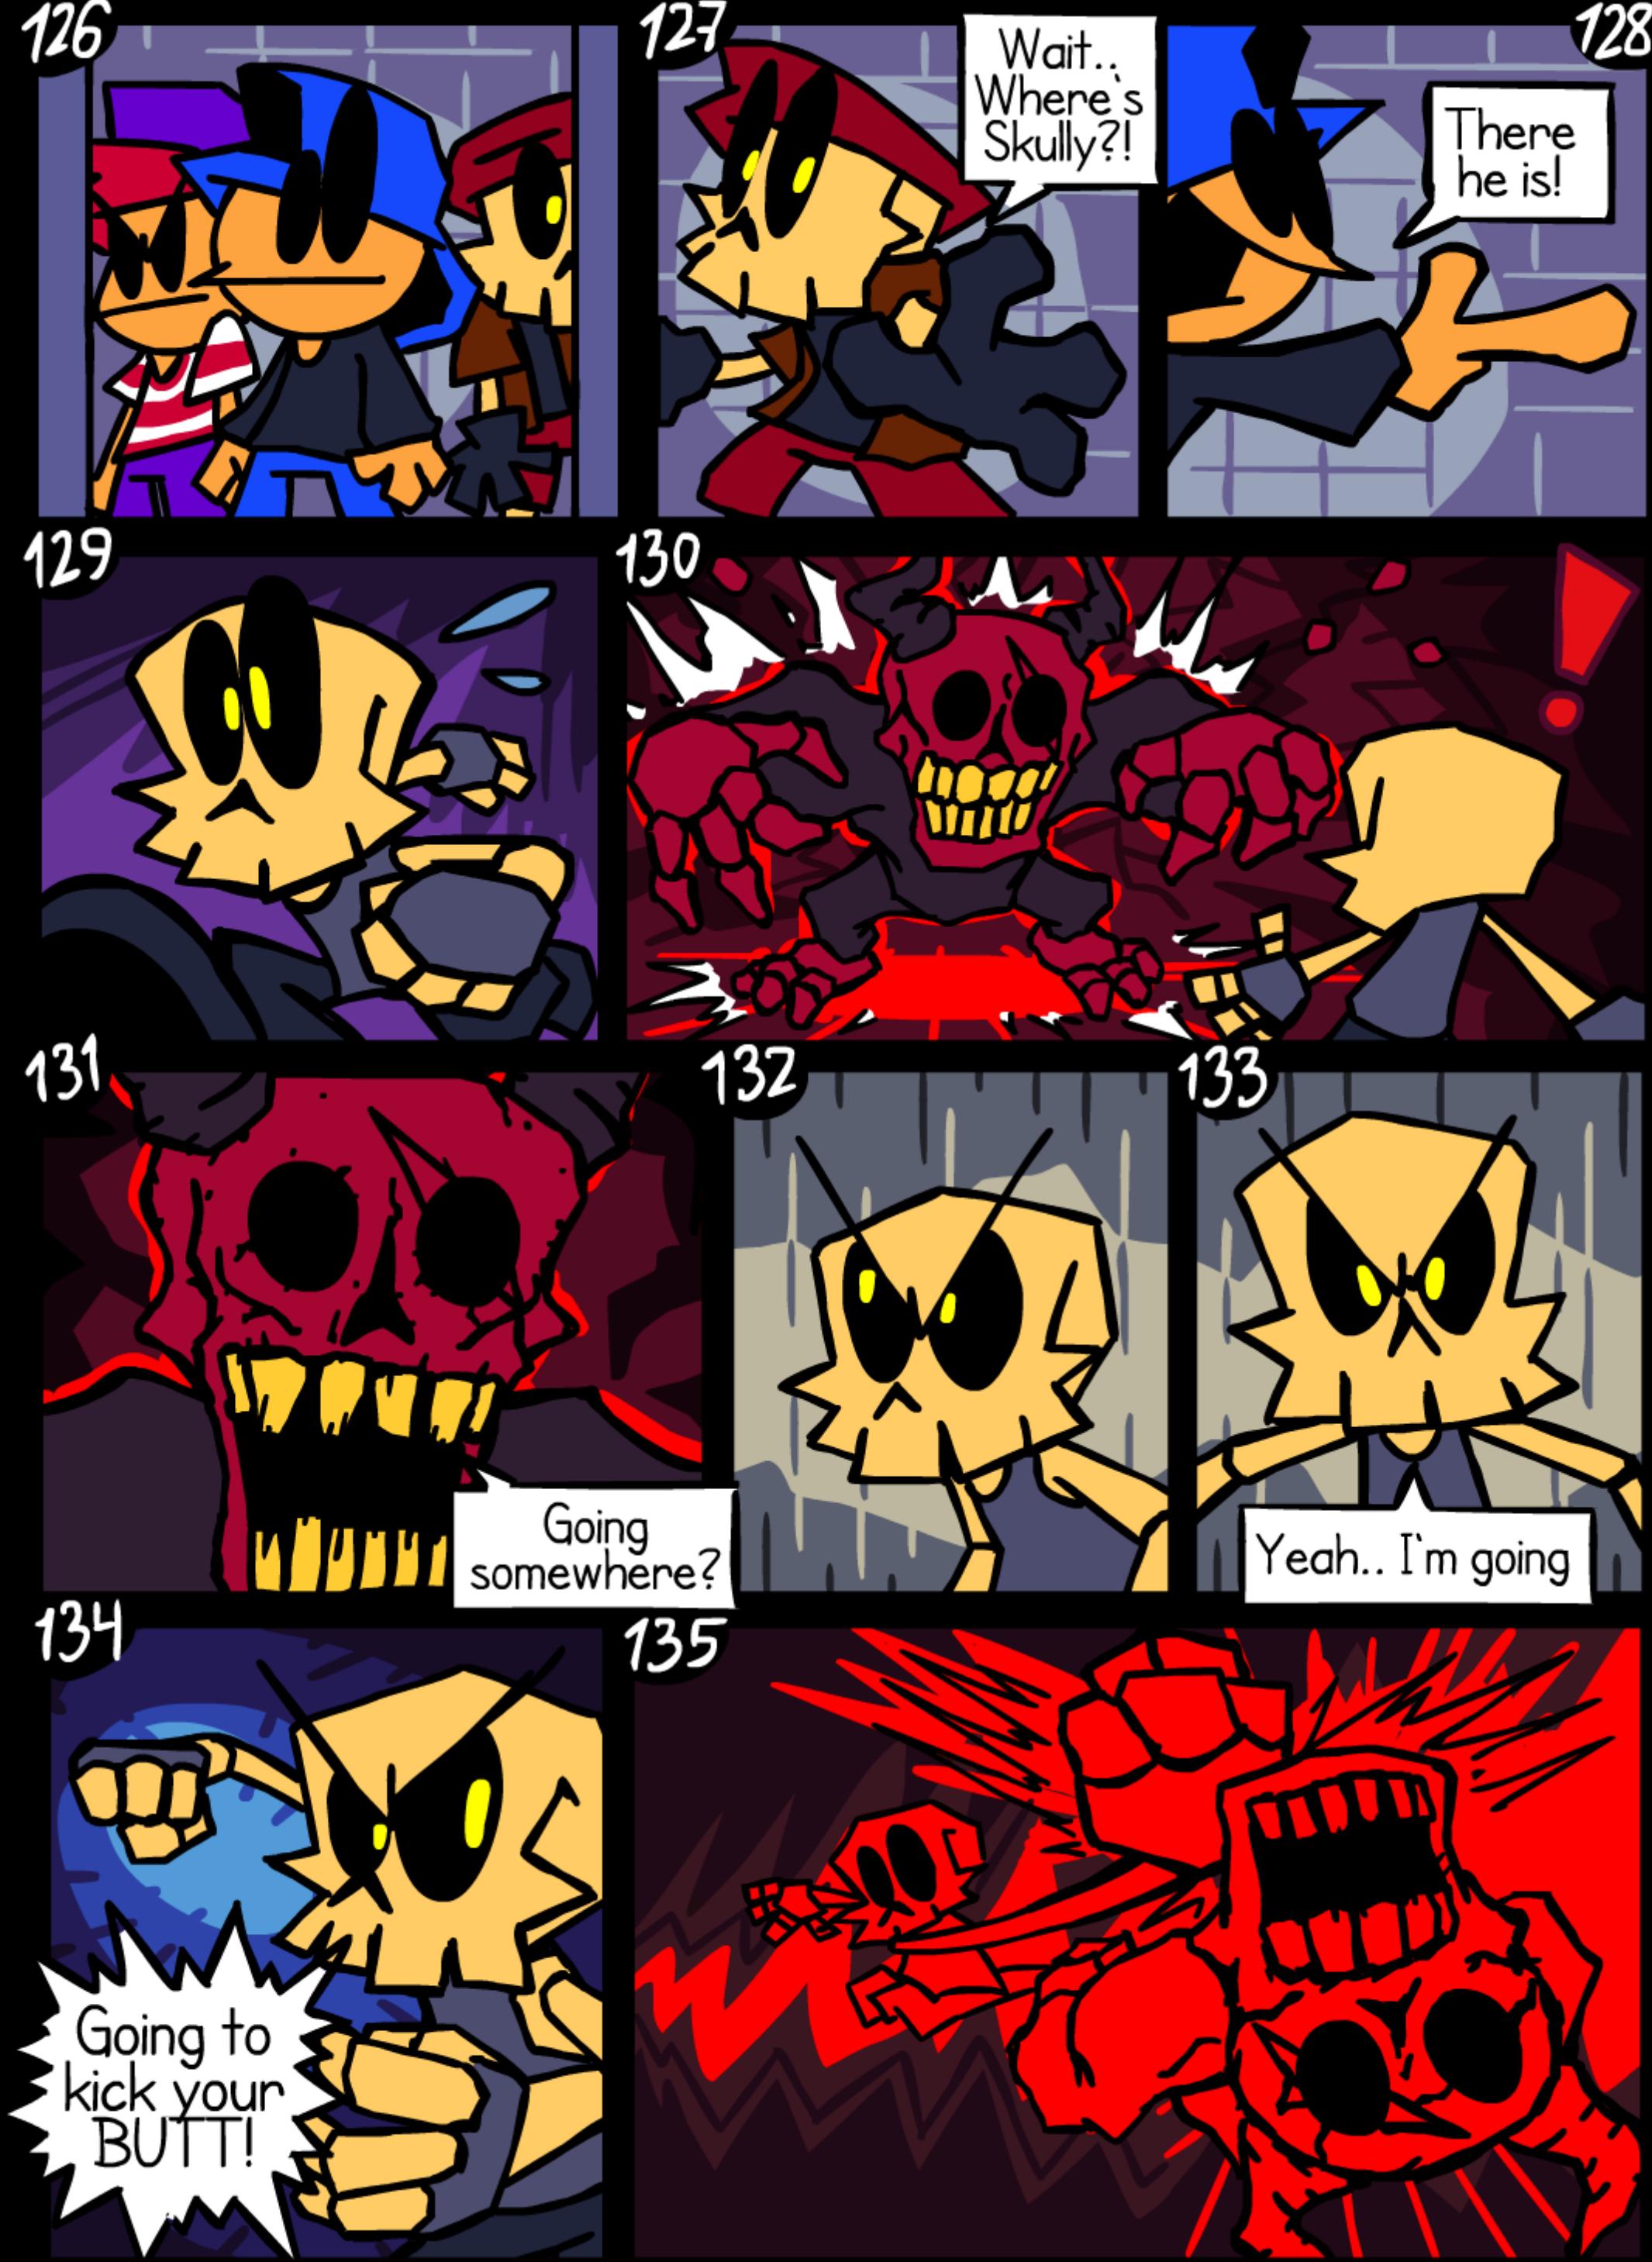

124

SUCCESS

Really?  
It's that simple?

136

137

Good job, Skully!

Seems all those countless hours of training have finally paid off

138

I don't want to interrupt your family reunion, but we really have to get outta here

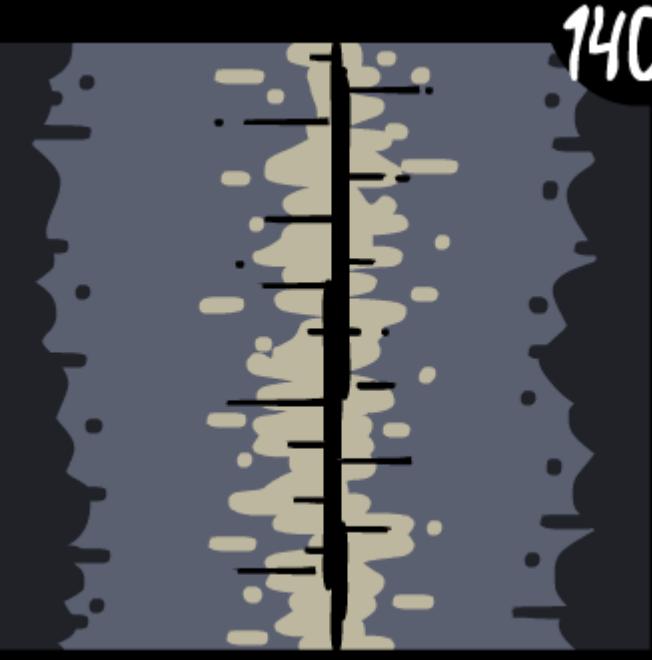

Sorry about that.

Moving out!

139

140

141

142

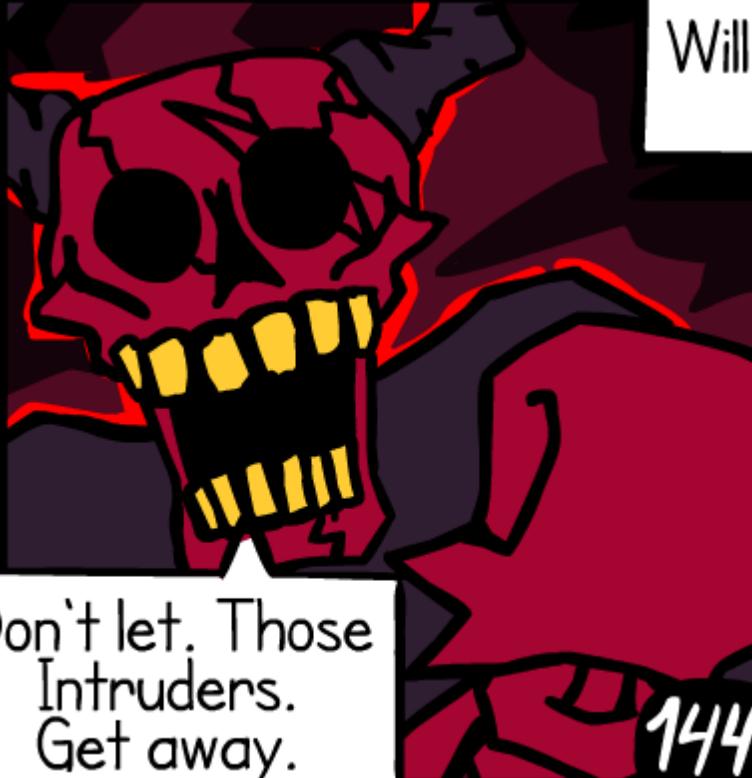

Something wrong, big boss?

143

Will be done, boss!

145

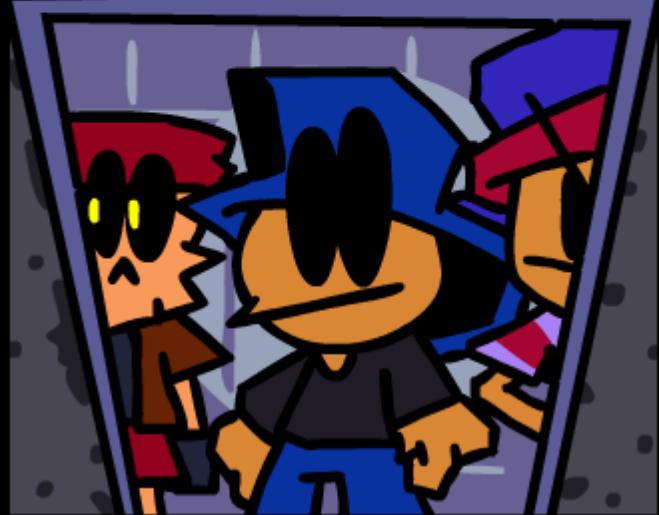

Don't let Those Intruders Get away.

144

146

# ELEVATOR

147

Err.. here on  
Calobian Island  
we don't have  
such thing  
as "daytime"

148

149

Enough  
with this  
blabbering!

151

152

My father gave me  
this map a long time  
ago

153

154

155

156

157

SOME TIME  
LATER...

158

We have arrived at  
our destination!

159

160

Alright, let's  
begin searching

161

Huh?!

162

Oh, these pricks  
are back

163

Quick! Into  
the waterfall!

164

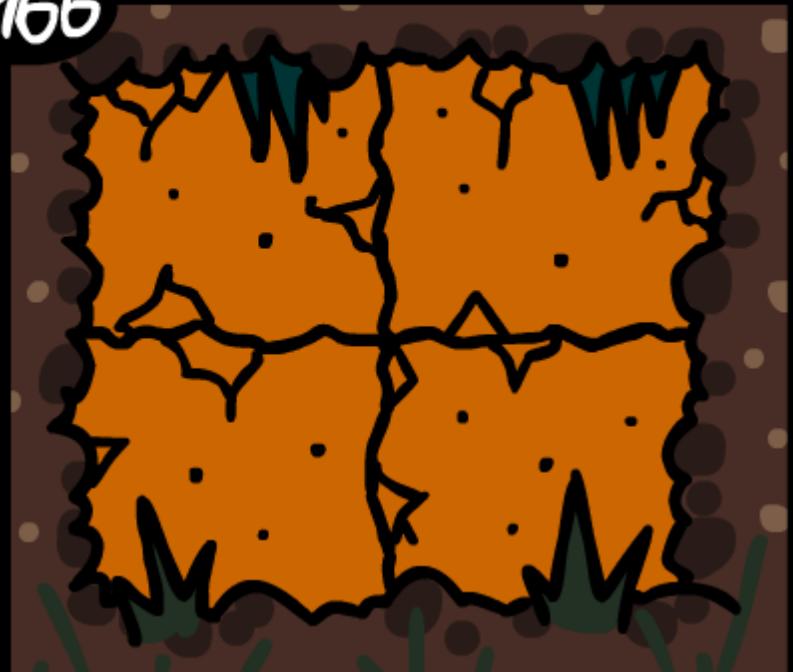

Hey!  
Look at  
this!

165

166

167

Oh yeah.  
It's that set  
of blocks we  
can't get  
through

168

Well, check  
this out!

169

170

171

172

Crumble  
blocks -  
no more!

173

HOLY mother  
of skulls!

You have the  
magic weapon!

It's called  
Fruit Blaster,  
actually

174

175

Hey, what's under that blanket?

180

It's beautiful..

182

183

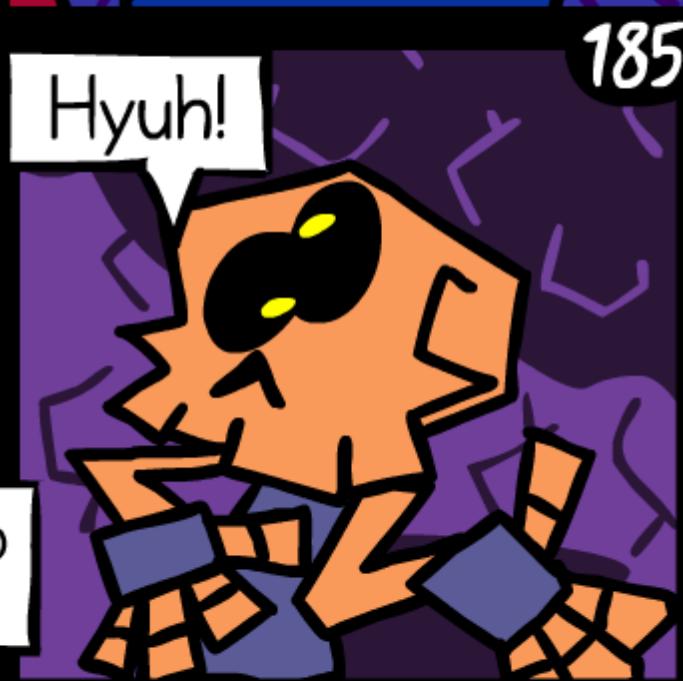

181

184

185

186

188

191

I finally figured  
out how to fix  
our blasters

And all of this  
without Jimmy's  
help!

192

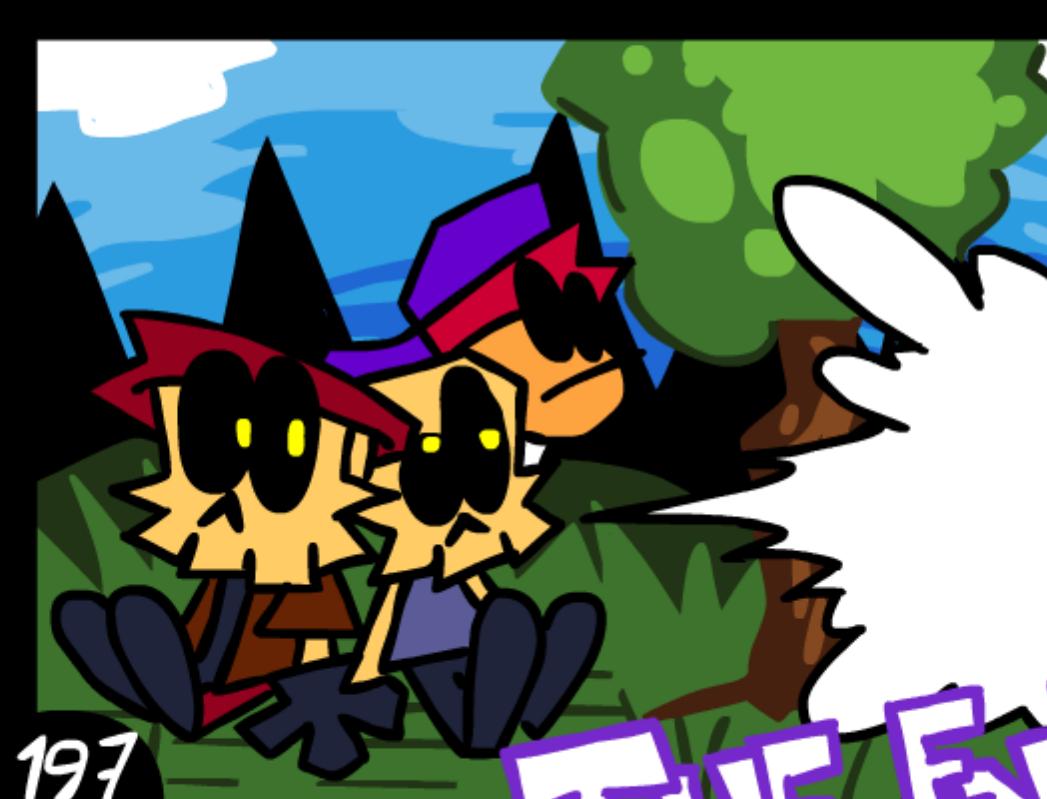

193

194

AAAAAA  
AAAAAAA  
AAAHHH!!  
SENTIENT  
SKELETONS!!!

195

THE END
